Scroll down past the phase map to see more details.

# MAP OF ROADWORK AREAS 2025

Phase 1	5/21 - 5/22
Phase 2	5/27 - 5/29
Phase 3	6/19 - 6/21
Phase 4	7/1 - 7/3
Phase 5	6/9 - 6/11
Phase 6	6/12 - 6/14
Phase 7	6/16 - 6/18
★ Guard Station	7/16 - 7/17

Phase:  
 ○ 1A    ● 2B  
 ● 2A    ○ 2C

Road closures will be on a daily basis from 8:00am to 5:00pm and will open up for local traffic only after 5pm each day. No street parking will be allowed in the work

areas at any time. Please refer to the schedule to ensure your vehicle is moved on the days road work is taking place in your area. NO PARKING signs will be posted in advance to warn you of impending work. Please observe and obey all traffic controls and posted signs. Drivers should anticipate detours, lane and road closure delays and allow extra travel time while driving through the work areas.

In order to avoid scuffing of the newly resealed road, we kindly ask that residents drive carefully and minimize turning the steering wheel while at a stop. Please make turns while moving when possible. Sharp turns while the vehicle is not moving will create larger scuffs that may need patching afterwards. **Please notify your contractors to reschedule any work, such as yard work, while road work is taking place in impacted areas.**

Trash pick up will not be impacted and will be accommodated on days with Saturday pavement marking work.

Also, please ensure your sprinkler system is turned off during road work in your area.

Every effort will be made to complete this essential work quickly and with as little inconvenience to your residence as possible. Thank you for your patience and support while we work to maintain the roads in the community.

Sincerely,

**Amara Milner-Kanemoto**

7/17/25	30	GUARD SHACK	Coldplane and Pave	Half off roadway will be closed from 8:00am-5:00pm

- 1) Delineators with construction ribbon will be placed at driveway entrance and exit while work is being performed. If work is completed earlier than scheduled closure, delineators will be removed and access will be allowed.
- 2) Work schedule dependent on weather. If that's day's scope of work cancelled, then work will be performed the following day.
- 3) Irrigation system to be turned off during construction, if applicable.
